Thanks Ms Sanford,

I only wrote Dr Spicer again because I thought he asked me to ask for help….so I did😐

“If there is something pertinent to the region which requires my attention feel free to email me directly.”

I promise that if we have a reconciliation meeting, all is squashed on my end. Ms Mayes was harassed for several semesters as the new kid and thought I was the new “new kid”. She tried to slander me via email and Ms Persons had a meeting to end it (because I was still teacher's pet). Ms Mayes and I work great together now because she realized that I only care about my musicians.

I live across the street from school, so I only want the best for my community. This could all end this week.

Musically yours,

Ω
