Subject: I am sick as a result from my air purifier being stolen

Hi

I am very sick. I believe its because my air purifier was stolen from my room when the air was the worst from the fires, because I rarely get sick. I have a chest cold that hurts to talk/sing with.

You should not continue to view my problems as isolated incidents. Please look at the problems with all of Ms Persons' mafia: Nico, Cassie, Ms Ali, Ms Craig and Ms TT (Donna Tizenor).

1. Ms Ali ran the Black History program last year and had the student MCs mock me. I didn't report it because I knew Ms Persons wouldn't do anything. I still have the script. Now for Ms Ali to be so brazen to cuss
me out in front of other staff is confirmation of her entitlement. Ms Ali is the Music Magnet Coordinator and refused to coordinate until I called Ms London to come. Ms Ali is spending all of the Magnet budget on her friend Cassie when we have a District
provided Dance Specialist. Cassie is a choreographer, but she can't teach kids who can't already dance.

I was told that I couldn't have Afterschool Enrichment for my 3rd graders because the Magnet doesn't have any money. At the same time, my students have abysmal scores and aren't getting anything to help. Ms Smith (G3) can't compensate for the deficiencies from Ms Moreno (G2) not teaching and Ms Ali dumping students, who don't like music, in the Magnet.

1. Ms Craig chased Mr Handy away because he didn't want to manage a difficult class they way she wanted. Then she had the class split because she couldn't manage it they way she wanted either. For the next few weeks, she bragged that she got him fired. Actually, all she did was get Mr Handy and Dr Sample reassigned. Mr Handy had been valued member of the Hillcrest community before Ms Craig decided that she didn't like him.

When I reported Nico for having an "A key" she started cutting into the programming for G5. Because Ms Jackson is a new teacher, she was conflicted about what to do. Ms Craig and Ms Ali cancelled her idea of a G5 overnight trip and planned a trip to Catalina with 5-6 adults. Then this school year, made her go alone to another overnight trip. She asked me to go and I refused because she needed to report Ms Persons for sending a new teacher alone.

1. Nico exposed himself to me, after he showed me his nude picture on social media. The following week he threatened me when he came in late for the last time. Then Ms McDaniels sent Joyce Cruz to me because she was concerned about what he showed her from his social media. I believed Joyce because of what he had shown me.

Please stop allowing the excuse that him exposing himself was an accident , because
none of us have ever made that mistake...especially when he had several other places that he could have disrobed in.
Please stop allowing the excuse that no one was there, because I was there.
I deserve to come to work and not see anyone naked.

Dismantling the school's Music studio to give Nico something to do is insanity...Especially when he isn't a teacher, doesn't respect boundaries and is working alone with children against District policy. No one wants to report him because they are all afraid of Ms Craig going after them like me.

1. Ms Persons went into the G5 classroom and asked them to write statements about how terrible I am and the students refused because I am a good teacher who they know actually care about them. Several parents called me concerned that I was going to be fired. That's why I went to Class Dojo to report the Music Magnet. This pitiful attempt to write me up for something is ridiculous. My children gave her nothing...even the new students dumped into the program saw right through the ruse.

Then she threw me out of the staff meeting for managing the instruments for the Winter Concert rehearsals.

Now I am on notice for everything that any teacher could possibly get in trouble for....I've been through this "pet to threat" pipeline <https://www.forbes.com/sites/forbeseq/2021/06/29/the-infuriating-journey-from-pet-to-threat-how-bias-undermines-black-women-at-work/> before. It's so disappointing that this is coming from another Black woman who is taking advantage of insecure and useless people wo think that because I have so much fun at my job, that they can do it. They can not. Or they think that I shouldn't have so much fun....why else would they take equipment that they can't play/use?

1. Ms TT cussed out Mr Butler and Mr Matthew after chasing Ms El (Ms Swain) out of her office. Ms TT bragged about going off on them because they dared to stop her from using their table, despite having her own office.

All of these problems are because Ms Persons refuses to resolve conflicts quickly.

When will all of them be held to account for the toxic workplace?

Or is it ok for the foolishness to continue because our students come from low-income families, 1st generation families and immigrant families? Nico and Cassie's groups are the very children that need the most protection and we're giving them to groomers, just like MiraMonte Elementary. <https://abc7.com/miramonte-school-sexual-abuse-lausd-lawsuit-settlement/14353968/> Who's going to protect my neighbors?
