Thank you Ms Sanford,

I now realize that I didn't submit the complaint against Ms Persons because I was so upset about getting threatened again. I don't think Ms Persons is violent, but Ms Ali and Cassie are so that complaint was urgent, and I guess I forgot.

I'm so tired of all of this. I would be very appreciative if we can have a restorative justice meeting with Ms Sanford, Ms Persons, Ms Ali, Nico and Ms Craig to end all of this. Ms Craig, when we were still friends, asked me to interview Nico for the TA job. She told me that we were sister wives taking care of her son Nico, but when he lied on me she stopped talking to me. She and Ms Ali started scheduling things for the 5th grade magnet class that would conflict with the Music program.

They need to understand that I'm only here to work: develop musicians and set up Studio 33. I grew up across the street from Baldwin Hills Elementary and when I was stranded by the pandemic, I found Hillcrest and moved across the street. I'm building the music program I should've had growing up.

All the rest of these games are distractions from the fact that they are not doing their jobs.

Musically yours,

Ω

Greetings Ms. Bone,

I have received your formal complaint against Ms. Ali on December 5, 2024. I responded on December 6, 2024, provided you district bulletins pertaining to your complaint and informed you that I would be handling the investigation. However, I have not recieved a new complaint against Ms. Persons. Who did you file the complaint with and when? Your previous complaint against Ms. Persons was thoroughly investigated by Melissa Espinoza and you received a disposition closure letter on December 5, 2024.

Sincerely,

Dear Ms Espinoza,

I filed a new report for Ms Persons because the harassment is on going. Then Ms Ali cussed me out and I filed a report on her as well.

My heater stopped working so I had to have class in the general education classrooms yesterday and today. I returned to room 33 after meeting with Kinder and 1st this morning to find my air purifier “returned” to my room.

Hopefully, the whole studio can be put together in room 34 (not room 10) as was the initial plan. The school community was invited to sign up for time slots to record podcasts or compose, arrange and record songs once Nico finished assembling everything. The STEM Lab and Recording Studio should have both opened this month….but Nico moved from room 33 to room 19 to room 35…I don’t know how a TA gets to move so many things on a campus and hasn’t been working for a year.

The “crew” keeps hiding things, so we only have some students playing with the DJ equipment in the computer lab afterschool. Nico lied on me because he didn’t want to set up the studio, so he manipulated his mom, Ms Craig, into doing it for him in room 10.

Musically yours,

Good morning,

Thank you for the form.

I have filed a complaint against Ms Ali for cursing at me. I have filed a complaint against Ms Persons for retaliation for reporting Nico. Ms Persons allows her staff to isolate and harass me because Nico showed me a naked picture of himself before exposing himself to me and then complained that I misgendered him.

I don't know who is responsible for not having regular Magnet Meetings. Both Ms Persons and Ms Ali said we don't need them. Ms Ali gave all the magnet teachers, who are already stressed behind lack of communication, support and discipline, new lessons to teach based on a meeting we had 2 years ago when 3 of our current teachers weren't here. Teachers had to spend their

winter break redesigning their content because our only meeting was wasted rearranging the sample music schedule that we're currently using.

I am continuing to document all of the continued attacks, harassment and misdirection so that my lawsuit is robust and clear.

The thieves "returned" 2 of my guitars but my air purifier is still missing.

Musically yours,

Ω

Subject: Fw: Music Magnet Visit

Hi everyone,

I don't know when Ms Ali gave the Music Magnet teachers a packet for Ms London's visit on Friday. I did not receive a packet. This is continued isolation and harassment from Ms Persons and Ms Ali.

I've asked several times last year for us to have magnet planning meetings and was told that we don't need to have them, but now Magnet teachers are rushing to throw up music worksheets that have nothing to do with Lift Every Voice and Sing for MLK Day and Black History Month.

Often times, I'm left out of timely communication. I've complained about this several times and have been dismissed with laughter, gas lighting and being cussed out. I asked Ms Ali if she wanted to coordinate now, in preparation for our Winter Concert, and she told me, "Don't fuck with me!" in front of Coach Jordan and confirmed it to Ms Jackson.

This toxic environment is against District policy and little is being done to end the harassment. Many days, I have to go home during the school day because my stomach is so upset.

Although I haven't cussed out anyone, haven't lied on anyone and haven't done anything to anyone, I'm being threatened with disciplinary actions because people refuse to do their jobs and I'm here to witness, and report, the abuse on the Hillcrest campus.

I was just informed that our Friday visit from the magnet office will still take place as scheduled on Friday, January 17, between 9:00 and 10:00. Please refer to the Magnet Classroom Look-Fors Handout I placed in your packets and attached to this email.
Mrs. Persons and I will be visiting your classrooms tomorrow to make sure there is evidence in your classroom environment as well as activities and projects you have around our monthly theme of Jazz. If you cannot find your packet or need any assistance with your room environment, please let me know so I can schedule some time to help you.
